

CHANGE IN FILE STATUS
APPROVAL FORM

DATE January 13, 1988

CURRENT FILE NO. ACT/023/001

RECOMMENDED FILE NO. INA/023/001

COMPANY AND MINE NAME Filtrol Corporation, Emerald Mine

REASON FOR CHANGE IN FILE STATUS

This clay pit received final approval in April 1976. A contract bond was posted for \$2000 at that time. In 1976, Filtrol mined 13,500 tons of material. Operations were terminated on September 9, 1976 and the claims reverted back to another entity. The Division did not require reclamation at this time because the claim owner wished to pursue other possible contracts. Total site disturbance of less than 2 acres was verified during a September 5, 1985 inspection. A Mr. Don W. Fallone is the current claim owner. It is recommended that the file be retired since all mining was discontinued prior to 1977.
